Education

University of Tennessee, Knoxville

- Graduate student attending UTK for a Masters in Computer Science with a minor in Japanese.
- On the Dean's List for Summa Cum Laude for the most recent semester as well as three other times with a current GPA of 3.88.
- Relevant Coursework: Biologically-Inspired Computation (COSC 527), Graph Theory (COSC 690), Human Factors in Cybersecurity (COSC 569), Algorithms (COSC 581), Parallel Programming (COSC 462).
- Studied abroad with Sophia University in Tokyo, Japan during the Summer semester of 2024.

Work Experience

JUNE 2025 - AUGUST 2025
Fowl Heat (UTK Research Position) - *Gameplay Programmer, UI/UX Programmer, Gameplay Design*

- Responsibilities included Turn-based Gameplay Loop, Event System and User Interface for Turn Gameplay.
- Built a dynamic and scalable event system that enables easy balancing changes.
- Built the user interface that interacts with the event system and can be plugged into additional game systems.
- Related Awards and Accolades: Accepted into the MIT Information Design Conference, accepted Design NSF Grant

JULY 2024 - AUGUST 2024
Epic Stock Media, Franklin TN - *Software Engineer*

- Worked with a small team of developers and contributed to bug fixes throughout multiple projects.
- Learned how to implement DevOps and how to manage a CI/CD for staging and main branch.
- Updated legacy code and abandoned projects.
- Managed servers in a real world environment.
- Learned how to code in an unfamiliar environment using libraries and algorithms I learned on site.

JUNE 2021 - AUGUST 2021
Epic Stock Media, Franklin TN - *Content Manager*

- Managed sound based content uploaded to multiple storefronts for Epic Stock Media.
- Maintained old sound packs and monitored sales of each soundpack per storefront.
- Streamlined workflow by writing code to automate the process of determining which sound files needed to be changed in order to properly upload to all storefronts.
- Worked with a team and learned a new skillset which could be quickly applied.

Scholarships

UT Vol Scholarship In-State

- Awarded: Spring 2025, Fall 2024, Spring 2024, Fall 2023, Spring 2023, Fall 2022, Spring 2022, Fall 2021

TSAC-TN Ed Lottery Scholarship

- Awarded: Spring 2025, Fall 2024, Summer 2024, Spring 2024, Fall 2023, Spring 2023, Fall 2022, Spring 2022, Fall 2021

Ron/Jessica Morris Engineering

- Awarded: Spring 2024

HEERF III BG

- Awarded: Fall 2021

Leadership Experiences

University of Tennessee Collaborative Work **2023 - 2025**

- School projects involving teams of 3-8 people.
- Collaborated with multiple like minded people around the same level of skill.
- Managed a shared code base, often worked with a focus on computer graphics.

Skills and Interests

Computer Science: Proficiency in languages such as C, C#, C++, Java, Python and PostgreSQL with an understanding of the Unity Game Engine.

Languages: English is my first language, and I am studying Japanese as both a hobby and possible career path.
